

Summit Hill Voters Ballot Saturday On Education Tax Rate

The residents of Summit Hill School District 161 are being asked to approve a .21 cent increase in the Educational rate. This increase will be from .96 per \$100 equalized - assessed valuation to \$1.17. The election is Saturday, Sept. 24. The polling place is the Arbury Hills School and the polls will be open from 12 noon to 7:00 p.m.

This request is demanded by the increased cost of operating their educational program. Approval of this referendum will mean approximately \$15, increase in taxes for the home owner. It will, the board hopes, realize approximately \$8,000 for the educational fund.

The people of Arbury Hills have been paying approximately \$72 per year into the education fund. Passage of this referendum will mean they would pay approximately \$87.50.

The problem is acute because the district has

reached its legal limit as to what it can borrow and this amount is not sufficient to operate the Educational program of the school, a board spokesman said.

The problem is compounded also by the fact that there has been only a \$227,975 increase in the total assessed valuation of the district in the past three years. This increase realized for the school approximately 120 children and the addition of two full time teachers and one part-time teacher.

The fact of the matter remains there are not sufficient funds based on the 1960 tax rate to operate an educational program with over 400 children and 17 teachers, the spokesman declared.

There is nothing in the educational program that can be eliminated, school officials said. Minor relief might be had by doubling or tripling the present educational fees.

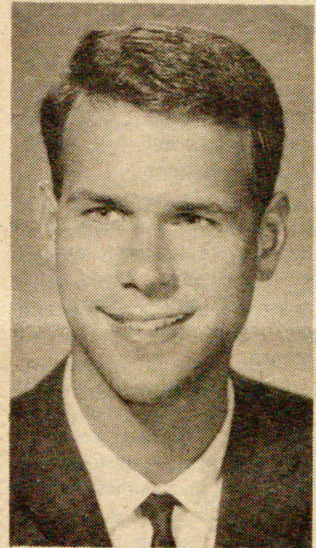

L-W Teacher Dies: Rites Held Sept. 17

Funeral services for Edward Edson, 24, of 815 Division St., Lockport, a member of the Lincoln-Way High School faculty and assistant varsity basketball coach, were held Saturday afternoon, Sept. 17, at 1:30 from the Lockport Congregational church. Interment was in Woodlawn Cemetery, Joliet.

Mr. Edson died last Thursday, Sept. 15, at Silver Cross hospital, where he had been a patient since Sept. 1. He had been working on his master's degree at the University of Indiana this summer and came home Aug. 26 to be ready to begin his third year as a teacher of social sciences and history at Lincoln-Way. He complained of not feeling well and thought perhaps he had a touch of flu. His condition worsened and on Sept. 1 he entered the hospital.

An autopsy was performed Thursday but the pathologists were quoted as saying it would take some days before all tests could be completed and its results known.

Mr. Edson was born at Gary, Ind., and had lived at Griffith before the family came to Lockport in 1956. He was graduated from Lockport Township High School, Joliet Junior College and the University of New Mexico. He was doing

his graduate work at the University of Indiana.

Besides his parents, Mr. and Mrs. Arthur Edson, with whom he made his home, he is survived by a brother, Thomas, of Colorado Springs, Colo.; his grandfathers, Robert Bridel, of Joliet, and Edward A. Edson, Colorado Springs, and several aunts and uncles.

Removal was to the Carlson Funeral Home, Benton and Youngs, Joliet where there was visitation Friday night. The body was taken to the church at Lockport at noon Saturday to lie in state until the time of the services.

Top Billing Given Dad By Mokena PTA

The publicity staff of the Mokena PTA is employing a switch in its message to parents, urging attendance at the opening meeting of the new school year.

"Remember, Dad," the invitation reads, "that when you attend the first PTA meeting of this school year on Tuesday evening, Sept. 27, bring Mother along too."

Mrs. Robert Best, PTA president, will preside at the meeting to be held in Carpenter Street School at 8 p.m. The program will be devoted to the school curriculum.

A skit, "Skylights," is to be given for entertainment.

With the total enrollment in the Mokena Grade School system up, with a substantial number of first graders and transfers from out of the area, PTA officers expect to find many new prospective members present.

Burglars Get Cash, Whiskey

A burglar or burglars, borrowing the technique of smash-and-grab thieves who threw a brick thru a display window and then snatched its contents, entered the Park and Shop Supermart on Wolf Rd., at Mokena early last Saturday morning and fled with liquor, cigarets and some cash.

Entry was gained by hurling large stones thru the front doors. The glass that remained was picked out of the door frames and left in a pile. The thieves then entered and filled a large carton with whiskey and cartons of cigarets. A fifth of whiskey was found lying on the ground outside the store where apparently it had been dropped or fell off the load. It was unbroken.

Ralph Ordman, one of the owners, was not available Monday but a spokesman said that the amount of merchandise and money taken had not been determined. The amount of money taken was what was left in open cash drawers for change to begin the day's business.

Chief of Police Roy Newton is of the belief that entry was gained shortly after 5 a.m. An inspection of the premises by police before that time showed nothing disturbed.

The bottle and pieces of glass are being examined for fingerprints.

RED CROSS first aid instructors confer with their chairman on final details of first aid classes, scheduled to begin shortly in the area. Arthur O. Omland, left, 19928 Center, Mokena, and Stanley T. Ekedahl, right, 225 Haven, New Lenox, are the instructors. Leo A. Gable, center, of Joliet heads the first aid committee of Will county region, Mid-America chapter, American Red Cross. Omland will instruct a class beginning Oct. 3 in Willowcrest school, Mokena. Starting hour is 7 p.m. Ekedahl and his wife will teach a class beginning at 7:30 p.m. Oct. 4 in Oakview school, New Lenox. The two classes are open to anyone interested in Red Cross first aid.

MRS. EDWARD HOVI
Telephone: 479-5740

Time is drawing close to obtain your tickets for the Candlelight Bowling Party, sponsored by the Arbury Hills Boys Baseball League. It will be held on Saturday evening, October 1, at Art's Amusement Center in Harvey.

The festivities will begin for the roller skating fans at 8:00 P.M. with an hour's activities until 9:00 P.M. Since this can work up a thirst, the skating will be followed up by a Cocktail "Hour" from 9:00 P.M. until 11:00 P.M. An hour's interlude will leave you to your own devices from 11:00 P.M. until midnight. Then to top off the evening is the candlelight bowling beginning at midnight until three games are rolled.

The entire evening's entertainment is included in the admissions ticket at \$3.50 per person. Tickets may be obtained from Mr. Connie Karp at 9401 W. Birch Ave., telephone number is 479-9660. All tickets are on a cash basis, with first come first served, none will be reserved.

The Arbury Hills Civic Association will NOT have a September meeting, there will be a regularly scheduled meeting in November.

At the November meeting there will be a membership drive to sign up members for the 1967 term. The meeting will be held at the school on Tuesday evening, November 22, at 8:00 P.M.

At a recent meeting of the board of directors, it was decided that the Civic Association would grade and gravel the unpaved street leading to the area of the

baseball field. It has been determined that there is a healthy balance in the treasury to cover not only this improvement, but also leave additional funds.

The members should be thinking about more worthwhile projects which would benefit our community. The subject of further community improvements will be brought up at the November meeting.

The board of directors have also been given the flag pole which had been at the site of the original Summit Hill School Building on 191st St. It will be erected at the Birch Avenue entrance and the flag will be flown on holidays by the Boy Scouts. The board of directors will also endeavor to have the flag flown on weekends.

Each of the members will be sent a letter shortly to give an explanation of the standings of the organization.

The Senior Girl Scout Patrol of the Cadette Girl Scout Troop spent the weekend over the September 10 to 12, at the Girl Scout Camp at Pokanoka near Ottawa, Illinois.

They joined the senior campout with girls from troops in Lemont, Wilmington, Joliet, and two troops from Kankakee.

The girls have formed a patrol in the Cadette Troop and had their first meeting at the leader, Mrs. Markowski's home. They plan on having one meeting per month.

The Cadette Girl Scouts have additional room for girls in the age group of seventh through ninth grade. There is no room for more of the senior girl scouts until such time as there is a regular adult advisor to maintain a troop.

The Cub Scouts will have their first Pack meeting at the school at 7:30 P.M. on Friday evening, September 29.

As usual there is a crying crises for adult help in the Cub Scouting program. There is always room for more. Not enough Den Mothers are available, and there are not enough adults for the committee members.

The Junior Girl Scouts of Troop 103 held their first re-organizing meeting at the home of Mrs. Alice Kilgore yesterday evening. Mrs. Kilgore has taken the troop of girls who will be in the Cadette Scout age next year. There will be no room for new girls in the troop until

such time as there are more troop leaders.

There is also need for the Brownie Girl Scout leaders. At present there is one troop of Brownies active under the leadership of Mrs. Katherine Ott. The Brownie Troop Number 334 has no leaders. Please, ladies, if you can help in any way, call Mrs. Kilgore at 479-5369 to offer your help. This is a worthwhile activity for both adults and girls. Many more girls want to join the scouting program, but a lack of adult help prevents it.

Voters of Arbury Hills, don't forget to turn out to vote your opinion on the proposed increase in the educational tax levy for the Summit Hill School District. The increase asked for is 21¢ per \$100.00 of assessed valuation.

The previous votes on building bonds since opening of Arbury Hills in 1960 have been passed, but there has been no increase voted in for the additional cost of teachers for the classrooms erected.

The school board officials have had to borrow each year to cover the cost of maintaining the school expenses. The amount which may, by law, be borrowed is limited, and the limit is being reached.

Every voter in the school district should come out to exercise his right to vote on the matter. The answer to the vote should be representative of ALL the voters in the district, not just the usual few who want to take out the time for an opinion.

Plans For N. Lenox Area Discuss Future Highway

Members of the New Lenox village and town governments, Plan Commission, Association of Commerce and the grade and high school boards and administrators were among those attending the discussion of future highway plans for the area.

The discussion was conducted at a meeting in the village hall Wednesday night Sept. 14, at which representatives of the Joliet Area Transportation Study asked for local recommendations on future highway locations.

The New Lenox group suggested that a new north and south road is needed as well as an east and west route that would connect New Lenox with Joliet and communities in the eastern part of Will county without encountering urban congestion.

New Lenox residents, especially those residing north of the Rock Island Lines right-of-way and those having business in that area, urge a new north and south highway that would bridge Hickory Creek and the railroad.

At present there are many periods in the day, including the late afternoon hours when workers are enroute home, when trains block traffic on Cedar Rd., sometimes for long intervals.

Cedar Rd. is the only thoroughfare extending thru the village on a north and south line. The New Lenox Fire Protection District several years ago placed a piece of apparatus on the north side of the tracks so that in the event of an alarm in that section at least one piece of equipment could respond in case the rail crossing was blocked. The fire department hopes that the one piece of apparatus could hold a blaze in check until help arrives.

Whether this would serve would depend, it was pointed out, on the size and type of the emergency and how long the crossing was closed.

The highway engineers agreed that such a road was

necessary and pointed to two possible locations. One -- not too well liked -- would put such a road west of the village and in the vicinity of FAI-80; the other would be to the east and might hook up with Freeway 61, which is slated to come down from the north, following the general route of Ill. 53, and connect with I-80 north of New Lenox. Following such a route would be cheaper, the engineers said, then to make a new route further to the west.

It was pointed out that the proposed east-west road could have a connection with this north-south highway, and also make a hookup with

the plan for Wolf Rd. Wolf Rd., coming down from north of O'Hare Field, is slated to turn east thru the top of Green Garden township and eventually connect with U.S. 41 in Indiana, after passing between Crete and Steger. It has been suggested that this new Wolf Rd. should pass on the east side of Mokena, over 108th or 104th Av., and skirt Frankfort on the west.

There are many more problems that New Lenox will have and the study survey group hopes that it will have some of them ready to discuss at another meeting next January.

Mokena School Board Explains The Budget

The Mokena Board of Education recently adopted a budget calling for \$317,526 in expenditures. Of the total \$241,847 will be spent out of the educational fund for teachers salaries and supplies; \$24,900 out of building fund for custodial salaries, utilities, supplies, repairs, and maintenance, \$12,090 out of transportation fund for new vehicles, gasoline, and repairs; \$35,939 out of bond and interest account to pay principal and interest payments previously borrowed to provide classrooms, and \$2,750 out of Illinois Municipal Retirement Fund to pay for social security and retirement benefits for non-certified employees.

Revenue expected to cover the budgeted expenses comes from the following sources: local taxes, general and special state aid, various types of federal aid, and student fees and rentals.

The board hopes that with the recent increase in the educational fund rate, it will be necessary to borrow only a small amount in anticipation of expected taxes, if any. Any increase in funds will

not occur until taxes are paid next June, after the current school year has ended, so it may be necessary to borrow a small amount to meet current operating expenses.

In further business, the board approved a certificate of tax levy to be sent to the county clerk totaling \$179,339; \$107,000 for educational fund, \$4,350 for transportation purposes, \$24,000 for building fund, \$2,700 for Illinois municipal retirement fund, and \$35,939 for bond and interest fund. This amount is the revenue expected to come from local taxes, the balance from state and other sources.

List Winners In Annual Flower Show At N. Lenox

The 4-H Field on Francis Road in New Lenox was the scene of the annual Flower Show held Tuesday and Wednesday by the New Lenox Garden Club. Mrs. Lloyd Cleveland, Chairman and Mrs. Walter Houchin, Co-chairman of the Flower Show, successfully blended the talents of the members

of the Garden Club to achieve a scene of brilliant color in a setting of quiet peacefulness entitled "Country Charm."

The mood was set as one entered by the porch of the building. Mrs. Rudy Stelter had decorated the area to represent a picnic in a wood near a lake. Three hundred forty five exhibits entries were arranged around the inner walls of the building, with the Market, designed as a stall by Mrs. Thorval Larsen, and the Conservation Exhibit by Mrs. Raymond Reiter, completing the square. The center section was arranged to display the twelve table entries under the direction of Mrs. Greg Campbell. The Tea Room decoration carried out the "Country Charm" theme where Mrs. William Long arranged a farm yard scene including the kitchen porch and the washing area with old zinc tubs and wash board. Mrs. Leo Murskj executed the Tea Room table decoration with antique china and a daisy centerpiece. Mrs. U. L. Henry is credited with the arrangements of the twelve Niches entered. Special exhibits were shown by the Agriculture Dept. of Lincoln-Way High School, and Dan's Flowers, of New Lenox.

4-H club leaders, parents, 4-H'ers and interested friends are invited to attend.

VOICES PROTEST

Dear Sir:

As a citizen of Mokena and a taxpayer, I would like to say a word about the recent school referendum which was voted on and passed, Sept. 10.

It's common knowledge that we must educate our children, but it is hitting quite low below the belt when those responsible would not inform ALL the people of the intentions to start a kindergarten out of the newly acquired funds, instead of notifying a few by personal calls and letters.

The previous cost of sending a child to kindergarten was \$19 per child per month, so we can well see why they, the parents, would welcome it.

Bewildered.

Sidewalk Proposal Sparks Discussion

The sidewalk question is to be brought up soon at a meeting in Mokena, it was indicated at a recent session of the village board.

A plan for sidewalks on both sides of the streets in all sections of the village is to be drafted soon, it was said, with priority given to walks in the school park areas.

The board indicated that before such a program would be undertaken an informal public meeting would be held. It was expected that such a meeting would produce considerable discussion.

Already the mention of sidewalks has caused residents to begin asking questions. How are the walks to be paid for, is perhaps the question most often heard but this proposal of sidewalks on both sides of the street also comes in for a lot of conversation.

To have sidewalks on both sides of a street is taken for granted in most communities but they are not laid out like Mokena. A large proportion, if not most of the

Mokena lots are a block in length. At least they run from one street to the next. In some instances houses have been built at both ends of the lots but in many others a residence is located at one end and a garage, a barn, a garden or shrubbery at the other. Some persons will protest at putting walks along what they consider to be the back end of their property, especially if installing walks means the moving of buildings.

Some residents have no objections to having sidewalks thruout the village but they question whether this is the time. They point out that only three blocks of Front St., are improved with curbs and gutters. The other streets are without curbs and over the years they have been built up in the center so that when it rains the water floods the sidewalks already installed or the space where they would be laid.

There is no point in building sidewalks that cannot be used when the weather is wet, some contend.

Smoke Gets In Board's Eyes

Complaints about the smoke from the Mokena Wallpaper Mill have been made to the village board. The board was to have the company notified to abate what is described as a nuisance.

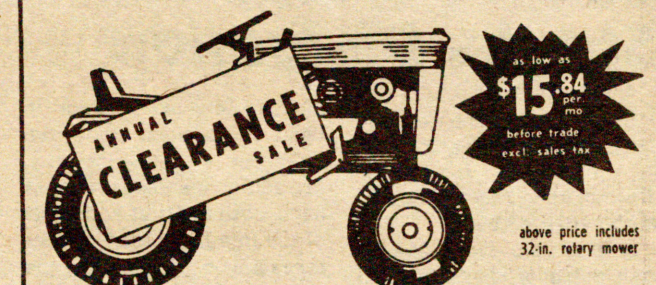

The board also took action against the wallpaper firm for failure to install a water meter so that a fairly accurate charge could be made of the sewage treated by the village. The firm was notified last January to make such an installation, it was stated at the village board meeting, but so far has not complied with the order.

It was suggested by Trustee Marvin Weitendorf that the plant be billed \$100 every two months for sewage treatment. The board agreed and directed the village treasurer to send such a bill every two months.

The Mushroom You Pick Could Very Well Be The Last One You Will Eat

FOREST PRESERVE DIST. NATURE BULLETIN

If weather conditions continue to be favorable, the crop of fall mushrooms should be good. Then the woods will be alive with men and women -- each with a sack or basket, a sharp knife, and a cane or stick -- carefully searching amongst the grass and fallen leaves around stumps, and around dead or dying trees, for the "Jimmies" or Honey Mushrooms, and the "Cauliflower" or Hen of the Woods. Others, especially in early morning, will be seen wandering slowly over pastures and golf courses, searching for the squat Meadow Mushroom or champion which they call the "Champion" -- a species which has a white kid-skin cap and delicate pale pink gills underneath, from which our common commercial variety was derived.

Mushroom hunting is a distinctive and solitary form of recreation. It is a passion with thousands of people. As you wander thru the woods, you see wild flowers, many wild creatures, and enjoy the rich fall coloring of the trees, shrubs and vines. It is peaceful, healthful exercise. You have the satisfaction of "finding something free" and perhaps, of getting more and finer mushrooms than the other fellow. You cut the stem of each, with a sharp knife, close to the ground. You rake leaves and grass back over the spot so that it appears untouched. You don't ask another fellow where he got his, and you don't tell him where you got yours. It is a game with its own strict code of ethics.

However, it can be a dangerous game unless you pick only the kind or kinds which you absolutely KNOW, by long acquaintance and after having been shown a-

gain and again by experts, to be edible. Many people die each year from eating poisonous mushrooms, such as the white Destroying Angel, which are beautiful and innocent in appearance, good tasting, but deadly. Their poison is completely absorbed by the blood before any ill effects are felt-- from 6 to 15 hours later-- and by that time it is too late for any antidote to be effective.

Most mushrooms, even if not palatable, or woody and tough, are edible or at least not dangerous. But there are deadly kinds which only an expert can distinguish from the harmless kinds. It is not safe to try to identify a mushroom from any book. It is not safe to pick a mushroom because that kind has been nibbled by slugs, turtles, squirrels or rabbits. Contrary to popular belief, several poisonous mushrooms have brittle stems and smooth caps which will "peel." It is false to believe that "toadstools," the common name for poisonous mushrooms, can be detected by the fact that, when cooked, they will turn silver black, curdle milk, turn parsely leaves yellow, or turn an onion brown or bluish. The "stump" mushrooms, which include the Honey Mushroom, are all edible except one: The Jack O'Lantern, which grows in

large orange-red or pumpkin-colored masses around stumps and dead trees, and is sufficiently poisonous to be dangerous for most people.

There is not much food value in a mushroom. It is mostly water. But they do have flavor, especially the wild ones. One authority states that of some 1300 different species, at least 200 are notably edible. These may be stewed served in soups, fried, broiled, baked, cooked with meat, pickled, or dried and kept for winter use.

There are no experts on the flavor of the Destroying Angel.

Mokena Will Take Bids On Squad Car

Mokena Trustee Roy Richardson, police commissioner, announces that specifications for a new squad car are ready and the board plans to have bids in by Oct. 15.

Richardson said he hoped to be able to purchase the new car by Nov. 1.

The police committee is to meet and set up duties and assignments for the force.

Fall Roundup Opens Door To Scout World

Are boys on the sidelines when Scouts in their neighborhood are exploring new frontiers -- hiking an historic trail, camping at a rugged campsite, or learning a new skill?

The fall roundup of the Boy Scouts of America with its theme "Follow the Rugged Road -- Be a Scout" will make it possible for hundreds of boys in this area to be Cub Scouts, Boy Scouts, and Explorers, according to Joe Stengley, Rainbow Council Organization and Extension Committee Chairman.

"The fall roundup is one of the most important parts of our national Breakthrough for Youth program which has presented the challenge to all Scout leaders to serve a far greater percentage of an escalating boy population with a quality program," Stengley said.

"The left-out boys in every neighborhood should have a chance at Scouting, and our 217 Scout units are ready to welcome them to one of the great adventures of boyhood."

Cub Scouts are 8-, 9-, and 10-year-old boys who

meet weekly in a small group with a Den Mother and once a month at a pack meeting with their parents. Boy Scouts must be at least 11 years of age. Explorer are at least 14 and in the ninth grade.

Burro Heavyweights Chalk Up Two Wins

The Southwest Midget football league board of directors voted to award the Sept. 11 heavyweight game between Mokena and New Lenox to Mokena due to an ineligible player participating for New Lenox.

This must have given John Ryan's charges a real lift, as they went out and drubbed a heavier Normal, Ill. team, 20-6 on Sunday. Billy Simpson came into his own as a runner with two touchdowns. One of the defensive stars of the game, Brian Knierman realized the dream of all linemen. In two years as a Burro, he has never touched the ball. On Sunday, he intercepted a Normal pass and went for a touchdown.

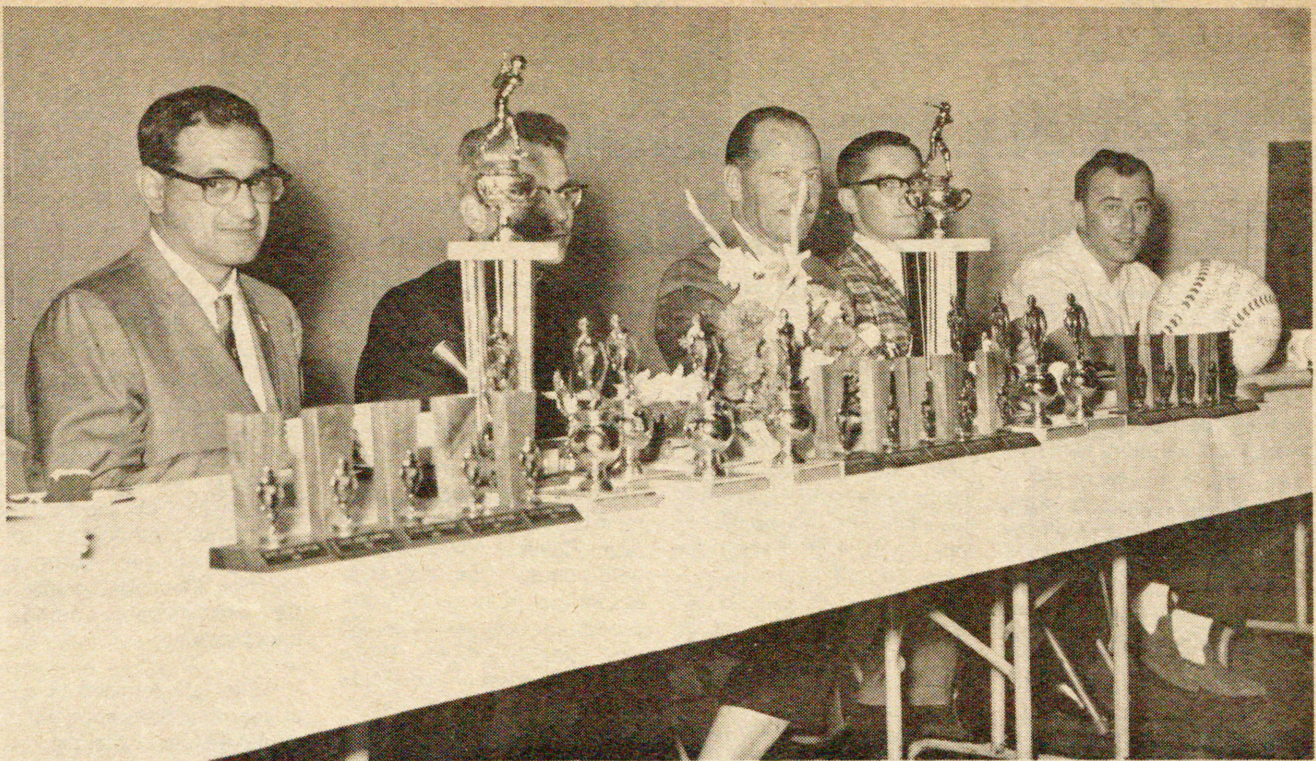

Billy Clegg demoralized the Normal offense with his great red-dogs. The Pee-Wee's continued to ramble with a 28-6 win over Nor-

mal's PeeWee's with Billy Patterson, Randy Boyd, Blake Tekotte and Danny Murray running for scores. This team is unbeaten.

The 100 pound Burro's met a strong passing team in a new entry, the Romeoville Spartan's. Romeoville scored on three long passes; two by Ted Allen from Randy Brandon.

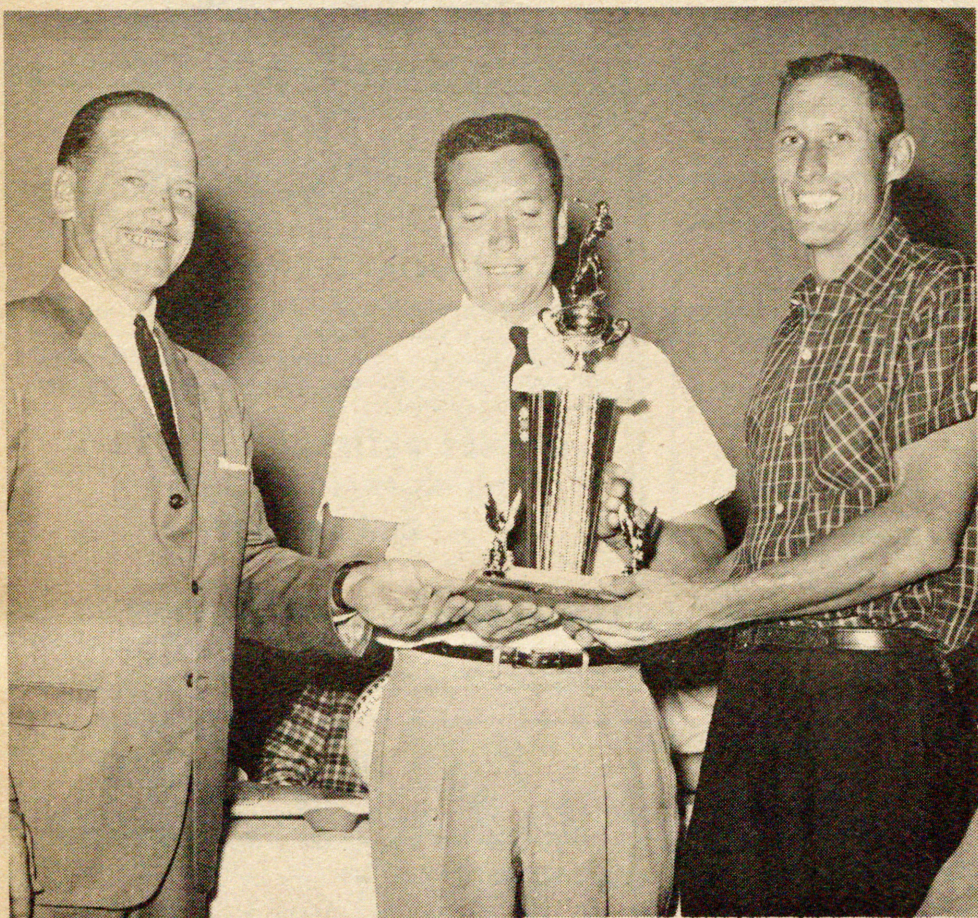

A case of jitters appeared to be the Burro's big trouble. The Burro's gave the ball up on fumbles four times and three of them went for scores moments later. In the 28-6 defeat, Ray Patterson, Kenny Fortman, Steve Lail and Duane Niemann played like champs. The Burro's number two unit played Normal to a 6-6 tie.

Next Sunday, the Burro's play host to New Lenox in three games.

Knights Rout Lemont In Grid Opener, 45-9

The Knights of Lincoln-Way have never won great renown for their football prowess in past years but they always start out well against Lemont and this year was no exception.

The Knights met Lemont last Saturday and taking advantage of every break offered they downed the Indians 45 to 9, to make Ron Stopka's debut as varsity coach a spectacular affair.

Lincoln-Way intercepted six passes and recovered three fumbles to account for four of its six touchdowns. Three of the interceptions were made by Halfback Frank Fleck who proceeded to turn them into touchdowns.

His fellow halfback, Rick Kohlbacher, also scored three touchdowns, one of them after grabbing a Lemont pass. Lincoln-Way's defense contributed heavily to its victory. The Knights defensive unit kept the Lemonters in close check and this accounted for some of the Indians' mistakes on which the alert Lincoln-Way offense capitalized.

How stalwart were the Lincoln-Way defenders is shown by the fact that Lemont was able to pick up but seven yards by rushing. Thru the air the Indians were better. Jerry Dudek, quarterback, and Halfback Steve Bradford combined to complete 12 out of 22 passes. Chris Garret, a Lemont end, caught eight throws good for 59 yards. He also accounted for his team's first two points when he grabbed the Knights' quarterback, Randy Davis, in the end zone for a safety. That was in the third quarter. Lemont added seven more points in the final period.

A Lincoln-Way fumble on their 24-yard line was recovered by Dudek. A diving catch in the end zone by Bradford of a pitch by Dudek gave the Indians six points and a run by Bradford made it seven.

Lincoln-Way bounced right back, however, to score on an aerial play, with Kohlbacher going over. A little later Kohlbacher caught a

43-yard pass from quarterback Jim Martin to score again. Lincoln-Way's last score came on an interception of a pass on the Lemont 40 by Barry Pfeifer, who carried the ball to the 29. From there the Knights made seven plays with Novak the carrier on the last three. He smashed over for the touchdown from the 1-yard line. McCure kicked three conversions for Lincoln-Way.

At the end of the half the Knights led, 26 to 0. At the end of three periods it was 26 to 2, Lincoln-Way and the final score was 45 to 9.

John Smith, Bill McCure, Don Ball and Alan Jahneke were a stonewall on defense for the Knights.

Lincoln-Way gained 243 yards by rushing, 89 by passing, for a total of 332 yards. Lemont had 7 by rushing and 115 by passing for a total of 122 yards. The Indians had 9 first downs and Lincoln-Way 10. Lincoln-Way lost 139 yards thru penalties and Lemont 47.

Eagles Beat Joliet 21-20 In the Final 48 Seconds

Sandburg football team opened its 1966 season with a 21-20 win over Joliet Central High School, getting the victory in the last 48 seconds of play by piling up eight points -- two of them a gift thru a strategic move by Joliet that backfired.

With only 4 1/2 minutes to go Mike Snodgrass recovered a fumble to give the Eagles possession on the Joliet 12-yard line. In four tries Sandburg was able to advance but seven yards and the Steelmen of Joliet took over.

The Eagles' defense held and Joliet was pushed back. Joliet did not want to give up the ball and with 48 seconds remaining in the game it elected to take an automatic safety, giving Sandburg two points. The score then stood 20 to 15 in favor of Joliet and the Steelmen expected to hold the Eagles in check for the remaining seconds.

In the kickoff that followed Sandburg made a 27-yard return to the Joliet 43. Pass interference put the ball on the 28. Sandburg lost five yards but on the next play Jim Linevski flipped an 11-yard pass to Tom Johnson. His next pitch was on the money, with Ron Dehertough making a spectacular catch in the end zone for six points. Johnson failed to kick the extra point and there was still 19 seconds to go and Joliet got off two passes that brought the ball to the Eagles' 48-yard line when the game ended.

Jerry Shoemaker, Joliet scabbard, accounted for three of the Steelmen's touchdowns, two of them in the first quarter. A spring block by Cooper Reed, a Joliet linebacker on a 63-yard screen pass turned Shoemaker loose and a little later he got away for another score on a 50-yard punt return. Joliet's second kick for the extra point was blocked by Ray Zadrovetz so the Steelmen led 13 to 0.

In the second quarter Johnson intercepted a Joliet pass and carried the ball 15 yards to Joliet's 20. Six plays later Rudy LaVine crashed over the goal line from the 4-yard mark and Johnson converted. Shoemaker scored again on a 72-yard run around right end and the kick for point was good.

On the next series of plays the Eagles marched 57 yards in nine plays with Zadrovetz smashing over the goal line from one-yard out. Johnson converted and the half ended with the score, Joliet 20, Sandburg, 13.

There was no more scoring until the end of the game when eight points gained by the Eagles gave them the ballgame by a one-point

margin, 21 to 20.

Sandburg had 8 first downs to 6 for Joliet but the Eagles were held to 85 yards by rushing and 108 by passing for a total of 193 yards. Joliet made 148 yards by rushing and 102 by passing for a total of 250 yards. Each team lost the ball once by fumbling. Joliet was penalized 15 yards and Sandburg 55.

Brings Marvels To Classroom

Students aren't the only ones going back to school this fall.

Going with them will be the Palos Park-Orland Park-Worth telephone lady -- Illinois Bell's Barb Krueger.

But instead of carrying an apple for the teacher, Barb will take a series of educational tools designed to help elementary, junior high and high school students learn about one of their most important tools--the telephone.

Books and pamphlets, films, science kits, telephone equipment and teachers' guides are included in a wide variety of educational aids distributed free by Illinois Bell.

Last year more than 1,900 Suburban elementary, junior high and high schools made use of these materials, Mrs. Krueger said.

"The teaching aids are designed so that a teacher can use the whole program or pick out individual items to supplement other studies," she said.

At the elementary level, generations of children have grown up with a program called Telezonia. It's a land created just for children, populated with cartoon characters and illustrating important facts about telephone use.

Telezonia is designed to teach the history of communications and the scientific principles of telephones and other communications. It also gives a basic knowledge of good phone usage and manners.

"In this day and age, every child needs enough know-

ledge to use the telephone," Mrs. Krueger said. "We try to teach them how to dial, how to find numbers and how to get emergency assistance from the operator."

"We try to present this information so that it can be integrated with the children's other studies, like English and art."

Frequently teachers assign Telezonia material for writing or drawing projects to sharpen students' skills and understanding.

One of Mrs. Krueger's most impressive educational tools is the Teletrainer, a working telephone mock-up which has two phones and an electronic device for producing dial tones, busy signals and other telephone signals.

"At the lower grade levels it's useful for teaching proper use of the phone, and older children use it in speech or business education classes," she said.

High school study programs are geared to English studies on speech improvement and effective use of the telephone as a communications and sales tool in business.

A wide range of educational films, dealing with science and history as well as communications, also are available through Mrs. Krueger.

Cars Need Care Too After Vacation Trip

Car care after the vacation is every bit as important as car care before that long trip, the Chicago Motor Club advises.

After a long road trip it is vital to get the car at-tuned once again to more sluggish city driving.

at 10:30 a.m.

Bible study class held each Wednesday morning at 9:45 a.m. with the Rev. Charles Kepler presiding.

The tenth anniversary luncheon of the Good Shepherd Lutheran Church sponsored by the women's circle will be held Wednesday, Sept. 28, at 11 a.m. to 1 p.m. Donations are adults \$1.25 and children under 12, 50¢. Please make reservations as soon as possible.

Here are some check points issued by the motor club:

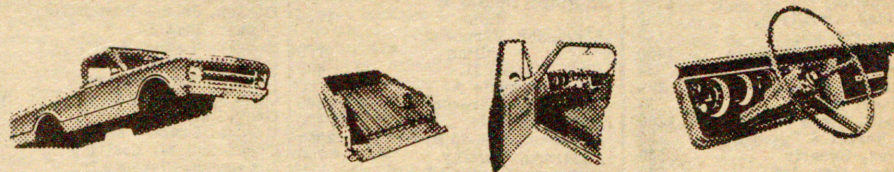

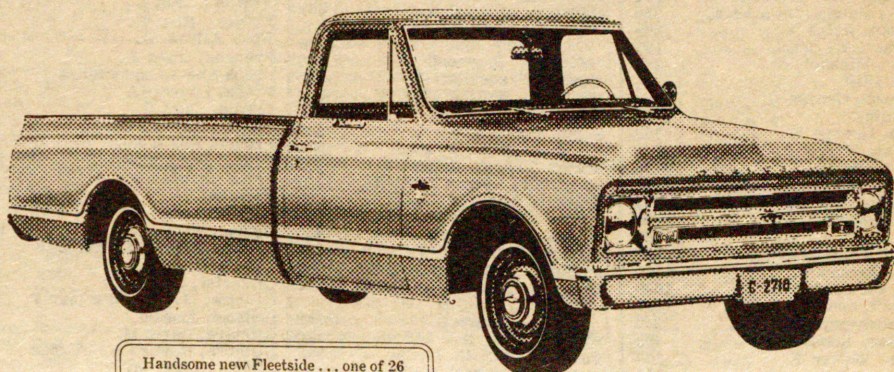

1. The tires. If you have covered long distances on your vacation, tires may need to be rotated. This means, of course, they also may have to be balanced for better wear.

2. The oil. After a long trip, change it.

3. The differential. Have your mechanic check the grease. On sustained highway driving it has tendency to foam, building up pressure which may force it out around the gasket. Make the same check on power steering.

4. The car's surface. Wash it thoroughly, especially if your trip has taken you to beach areas. Salt and sand can damage the finish.

If you're counting on a new VW, you can stop at \$1,668.

In fact, when it comes to money, a VW will save you a lot of counting after you buy it, too. On gas bills. (It gets about 29 mpg.) On tires. (They average 40,000 miles.) It hardly ever needs oil between changes. And, since the engine is air-cooled you never have to dish out for anti-freeze. So if you don't like to count, buy a Volkswagen. It figures.

Must Light Bikes, Chief Newton Warns

"If you ride at night, have a light." That is the message Mokena Police Chief Roy Newton has for bicycle riders. The operation of bicycles is controlled by the same laws that govern the operation of meter vehicles. When bikes are used at night, Chief Newton said, they must be equipped with proper rear

reflectors and a front headlight powered by a dry cell battery. He also reminded cyclists that they must ride with traffic, not against it. Cyclists ticketed for various offenses will be de-

prived of their bike for 10 days. The chief will impound them and they will not be released until proper equipment is installed. Parents are required to accompany youngsters to pick up their bicycles that that police are holding. Parents are also urged by

Newton to point out to their youngsters the danger of riding after dark without proper lights, and the peril of riding in and out of traffic and riding double. Chief Newton has a special ticket he has made up that he issues to cyclists.
